

Honesty Counter

Context:- In the present day society, there are no **values** whether they are Human Values, Social Values, or Moral Values.... As a human being one must cultivate these values at least for some extent. If anything is taught at student level, it will long forever and be more effective.

Practice:- In view of this, as a Best Practice, the Department of Hindi thought of initiating a method where students will **try to prove** their **Honesty**. For this the minimum requirements of a student like pens, pencils, erasers, stationary were arranged at college premises at a certain place. By this, students need not go out of the college premises for them when they are in need. They were instructed to **take whatever** they **need** from among the items placed by themselves and **put the worth** of them **honestly in a box** placed there.

Objectives :-

- ❖ to **inculcate the moral values** like honesty among the students.
- ❖ to make the students **prove themselves honest in the society**.

Outcomes :-

Students utilized the items they require, voluntarily and honestly deposited the amount for them in the box arranged.
