EARN WHILE YOU LEARN

Date: 2-2-23

Title of the Practice: Earn While You Learn

Objectives of the Practice:

To improve the designing skills, Technical skills and Presentation skills in Students.

The Context:

This is one of the ways to incorporate learner centered strategies in the classrooms. learner-centered education helps the students to develop skills for their professional careers.

The Practice:

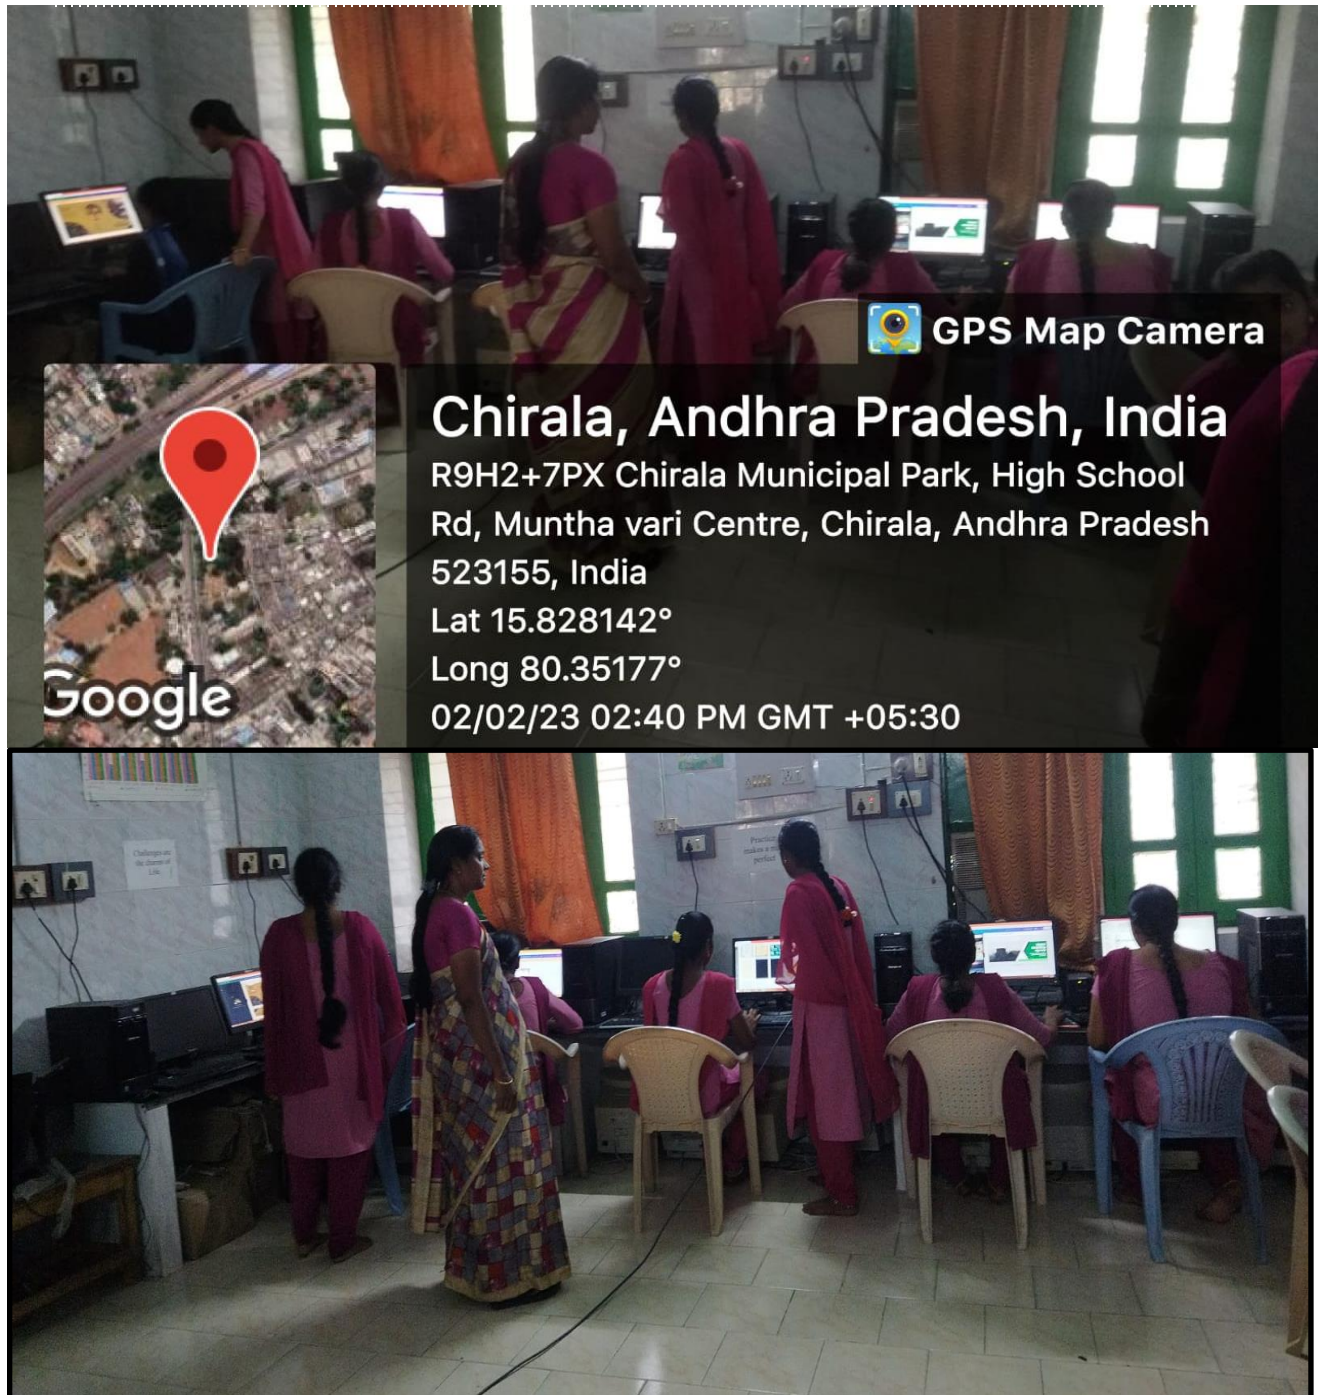

Department is conducting an “Earn While Learn- Photoshop Design Tools “ Program for the benefit of students.. In this programme, four students of final year B.Sc Computers who know photoshop are identified as trainers. They are fine tuned and trained by N.Rajyalakshmi, SK. Kareem, P.Johny.

These 4 Students learned how to design the certificates, ID Cards, Brochures. Later a batch of 10 students who do not know Photoshop design are identified every week. These 10 students are trained in the design of certificates, ID Cards for three days by two trainer students.

Students who are learning photoshop have to pay Rs. 25/-. As we are having 10 students per batch, an amount of Rs. 250/- will be generated per batch. This amount is distributed to the trainer students and 50/- to the department to maintain the stationary required for this event.

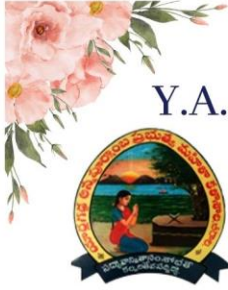

Evidences:

Students learning how to design pamphlet, Certificate, ID card

Problems Encountered and Resources Required:

Desktop/laptop is required with internet connection

“Digital Assignments”

Dt: 26/11/2022

Title of the Practice: Digital Assignments

Objective of the Practice:

To maintain an online record of all assignments that's completed as well as attendance and the marks of assignments. In any pandemic situations, there is no need to cease education services. It also saves time and money.

Context:

This is one of the ways to incorporate learner centered strategies in the classrooms. learner-centered education helps the students to develop skills for their professional careers.

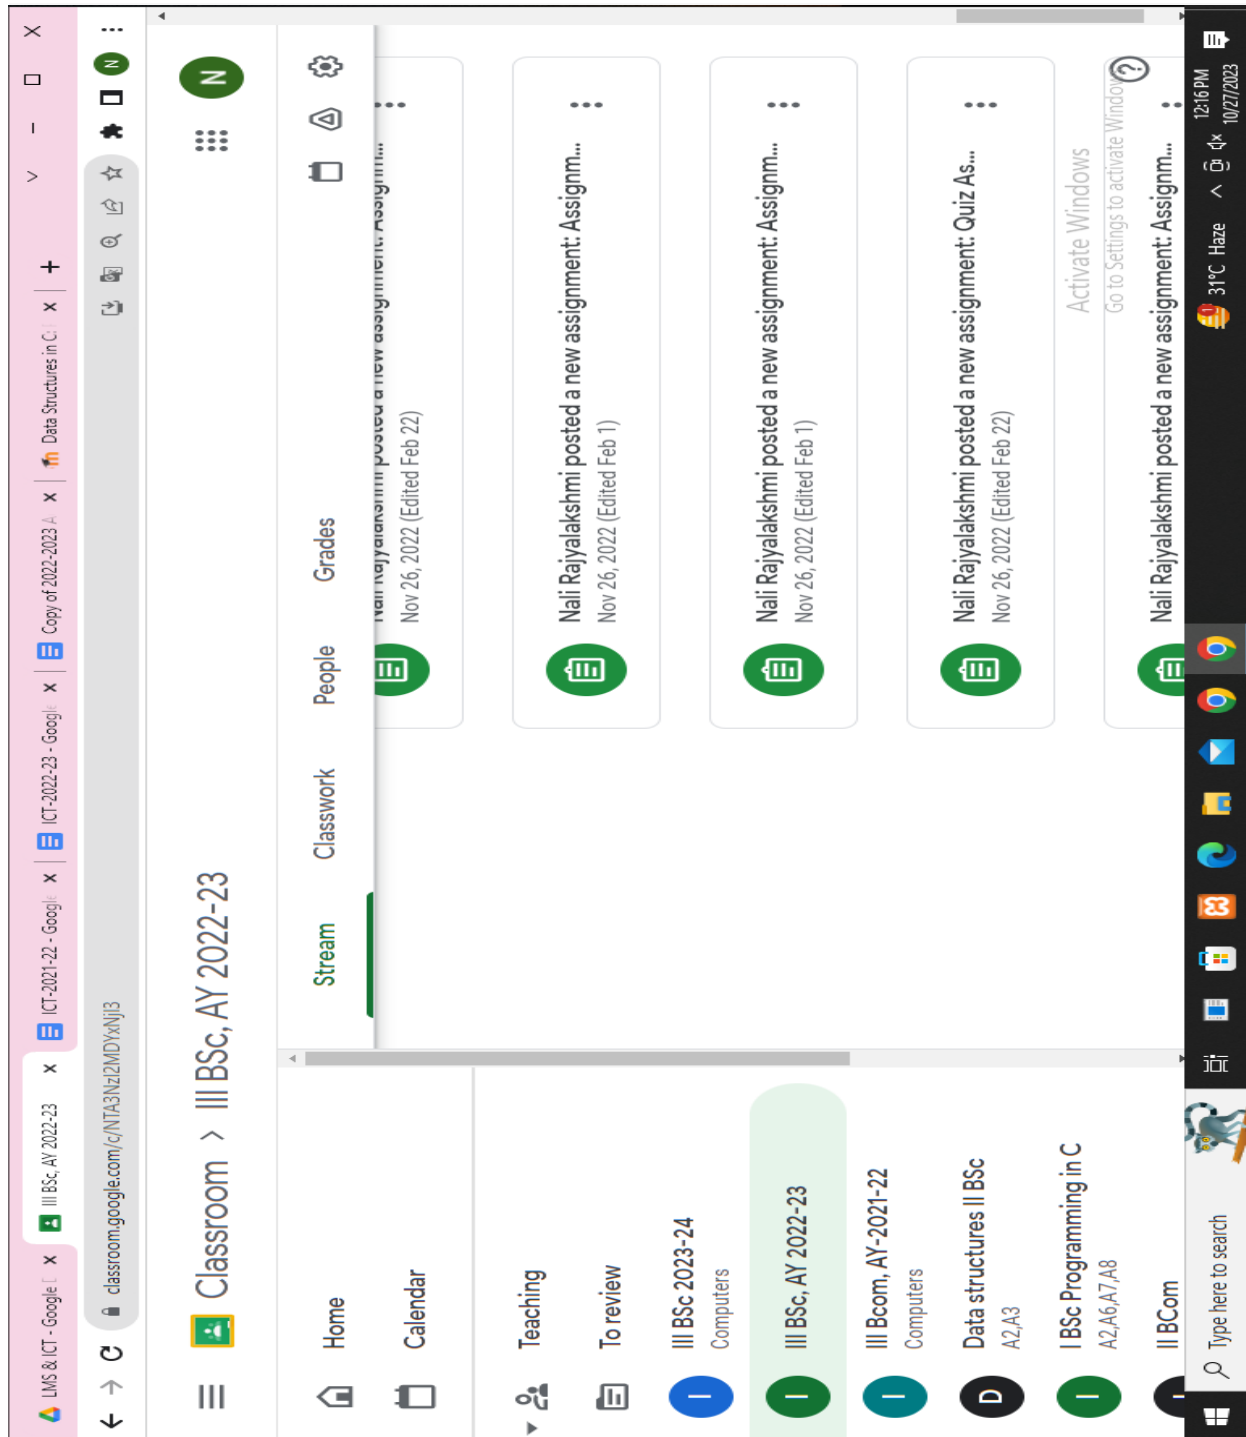

Practice:

To implement the digital assignments, Google Class Room Tool is used. It is one of the tools to create, distribute and grade assignments in a paperless way. A Google Class Room is created for III BSc Computer Students and students are invited into Google Class Room to submit the assignments through digital mode. A set of detailed instructions about due date, turn in and how to attach the files all in one pack etc are given to the students. Two Assignments and one Quiz Assignment are posted in the Google classroom to the students. 44 students were invited and 37 students successfully submitted the assignments through Google Class Room.

Outcome:

All students learned how to utilize the digital platforms to learn the concepts and to submit the assignments within due time. An online record of all assignments that's completed as well as attendance and the marks of assignments are maintained.

Evidences:

Problems Encountered and Resources Required:

Smart Phones or Desktop/Laptop with good internet connection is required.
